

Motorcycle – Air Filter Product

Version: **EC1/001**

Valvoline[™] Air Filter Cleaner

Valvoline Air Filter Cleaner is a specifically developed for cleaning foam-rubber air filters.

Air Filter Cleaner keeps the foam filter in good condition, enabling it to extend its protective abilities.

Applications

Safe, fast, effective air filter cleaner Quick drying cleaning agent for sponge or metal gauze filters. Suitable for cleaning virtually all foam rubber air filters.

Specifically formulated for use on air filters of motorcycles and other equipment.

Easy to use:

Remove the air filter from your motorcycle and shake out as much dirt and debris from the filter's pleats as possible. Tap the sides of the filter to dislodge larger chunks.

Apply Air Filter Cleaner to both sides of the air filter, allowing the cleaning agent to completely saturate the foam filter. Allow the cleaning agent to penetrate the air filter by waiting 10 minutes.

Rinse the air filter, from the inner surface out, with a low-pressure stream of clean water. Wash away any remaining debris from the air filter. Shake the air filter out to remove as much water as possible and air dry the filter. Do not wring!

Apply Valvoline Air Filter Oil and reinstall the filter into your motorcycle.

Features & Benefits

Excellent cleaning performance

The composition of the product contains specially selected cleaning agents, solvents, and several additives, that give the product excellent properties, like; high cleaning and emulsifying ability, maximum penetration ability and excellent removal of dust, dirt sand and grime.

Provides longer engine life

Excellent removal of dust and sand from the intake air. A cleaner air intake means a cleaner engine and longer engine life.

Quick and easy to use

Quickly loosens and separates trapped dirt. Cleans filter, foam or gauze air filters. Air Filter Cleaner cuts quickly through the old air filter oil and loosens dirt and sand from the filter.

Unlike solvents and gasoline, Air Filter Cleaner will not harden or damage the air filter foam.

PRODUCT INFORMATION

Keeping the world moving since 1866™

Serving more than 100 countries around the globe, Valvoline is a leading marketer, distributor and producer of quality branded automotive and industrial products and services. Products include automotive lubricants; transmission fluids; gear oils; hydraulic lubricants; automotive chemicals; specialty products; greases, and cooling system products.

Typical properties

Typical property characteristics are based on current production. Whilst future production will conform to Valvoline specifications, variations in these characteristics may occur.

Air Filter Cleaner	
Colour	Clear
Boiling Point, °C	>150
Specific Gravity @ 15.6°C. ASTM D-4052	0,787
Flash Point, COC, °C. ASTM D-92	40

This information only applies to products manufactured in the following location(s): Europe

Health & Safety

This product is not likely to present any significant health or safety hazards when properly used in the recommended application and good standards of personal hygiene are maintained. Reference is made to the Safety Data Sheet (SDS) which is available on request via your local sales office or via the internet <http://sds.valvoline.com>

Protect the environment

Take used chemicals to an authorized collection point. Comply with local regulations. Do not discharge into drains, soil or water.

Storage

We recommend to store all packages under cover. In case outside storage is unavoidable, drums should be laid horizontally to avoid the possible ingress of water and damage to drum markings. Products should never be stored above 60°C, exposed to hot sun or freezing conditions.
